Learning and Laughter for Adults at KPL

The lockdowns have been lifted, but COVID-19 is still a concern. That's why we're welcoming you back to the library as safely as possible. Our locations are open full hours (listed on page 8 of this newsletter), and our in-house programming has resumed...socially distanced, of course!

Events for kids and teens are happening over a longer period of time to allow for "drop-ins" throughout the event. Craft events, like Cortex Take & Make Projects and Adult Virtual Craft Corner projects are continuing in their current Take & Make formats. Adult programs that are in-person will run about an hour as usual, but the event size allows for easy social distancing at each activity. It's a great time to get out of the house, put on a fun mask, and head to the library for an event! Here are some highlights for adults:

Brittany, who's a former high school teacher and current certified Yoga instructor, offers a wide variety of programming including free Yoga classes! She also heads up BINGO, Barre Classes and her own Book Club at the Limberlost Branch each month.

Matt has his own set of skills, and develops his programming around those. He's been a high school English teacher for 21 years, and also instructs an Introduction to Composition class at Trine University. You might say he has a passion for writing and literature!

In November, Matt is hosting a Writing Workshop focused on Poetry, as well as his monthly book club at the Kendallville location. His expertise in literature makes these events a great learning opportunity. In December, Matt will start a very special series of writing events that will literally tell the story of your life, giving you a way to share it with future generations of your family. Through this series, you will work with others as you each detail your own lives from your childhood, teen years, adult life, and reflections. Participants will each receive an autobiographical notebook to create a keepsake that will be passed through your family for generations!

All of our programming is listed throughout this newsletter...see what's coming up for you!

Launch into a great education with Launchpads!

Grayson loves Launchpads, and his grandma, Ginny, does too! Grayson thinks they are lots of fun, while Ginny knows just how much he has learned from them, and how they help him complete the projects in his weekly storytime kits.

Geared toward children ages 3-5, these tablets are preloaded with 10 learning apps to engage children in developing the skills necessary to start kindergarten. Each device is themed and focuses on skills such as letters, numbers, cause and effect, and more.

Find a quick search for Launchpads on our catalog: http://bit.ly/KPLKidLaunchpads

**Coming up next on the Adventure Walks...**

**Say Something** by Peter Reynolds is an empowering new picture book that explores the many ways a single voice can make a difference. Each of us, each and every day, have the chance to say something: with our actions, our words, and our voices. Perfect for kid activists everywhere, this timely story reminds readers of the undeniable importance and power of their voice.

This book will be available to read in the Adventure Walks in Kendallville and Rome City beginning November 2 and through the end of the month.

The Adventure Walk in Rome City consists of 9 stations that start at Grant Park and continue along a walkway to Kelly Park. In Kendallville, the walk of 18 stations starts at the front of the Kendallville Public Library and then continues in a loop around the library through the west side of Bixel Lake Park. Maps for both locations are available here: http://bit.ly/KPLAdventureWalk.
